

SPENDING AND SAVING MONEY

||||| Make Your Own Money |||||

Most countries have their own kind of money. Some are colorful bills. Some are heavy coins. If you were to make your own money, what would it look like? Would it be coins or bills? What numbers would be used? What would it be called? What would be on it? Would it show important people, animals, food, or your favorite things? Draw and name your own money in the box below.
